

Bracknell Forest Natural History Society

A society for everyone interested in nature and its conservation

Learn more about Eton's **SWAN LIFELINE**

Monday 16th September 2024 7.30pm
In the Recital Room at South Hill Park

CINDY SMULDERS, a Swan Lifeline Trustee,
will tell us about the vital work they do to
rescue and treat sick and injured swans - and
return them to the wild as soon as possible.

Pollution and human activities are badly affecting swans and other wildfowl. The Centre provides education and training to empower local communities, Fire and Rescue Services, the Police and their own rescue volunteers to make a huge difference in helping today's threatened wildlife.

BFNHS Members: £1 VISITORS WELCOME: £3

Cash at the door - no need to book in advance

Cindy will be bringing a selection of SwanLife branded items for sale, such as cards and tea towels - for around £5 so bring some cash for a good cause!

South Hill Park is on Ringmead, Bracknell RG12 7PA
