

Bracknell Forest Natural History Society

A society for everyone interested in nature and its conservation

**Discover the
fascinating facts
behind the huge
and historic trees
in South Hill Park**

**An EVENING WALK led by Gill Cheetham
Monday 23rd August, 6.00-7.30pm
Meet in the main South Hill Park car park**

From Gladstone's Holm Oak, the Wellingtonias, giant Cedars and the more recent Ash Avenue, in around an hour and a half you'll see all the most interesting trees that the 55 acres of parkland around both North Lake and South Lake have to offer.

Not quite a wander, not quite a trek, our free walk will be an easy one for everyone, on proper paths - and the hills can be circumnavigated if necessary. We hope you'll be able to join us...
